

DATA SHEET

PUMP

Ref : 2377

Type : PUMP
Brand : MB FLUID
Model : AX 40
Serial N° : 1 EPDM 5.54 SO

Quantity : 1
Overall dimensions : 1.10 x 1.00 x 1.40 M
Weight : 150 Kg

TRANSFER PUMP

Description:

Self-priming transfer pump for liquid, viscous, and thick products.

Equiped:

- Oil-bath pump block with two rotating diaphragm cleaning rollers (60 mm inner diameter).
- 70 mm diameter stainless steel inlet/outlet with clamp.
- Driven by a variable-speed motor (10-100 rpm). TECO E510 speed controller.
- Mounted on a stainless steel frame with casters.

Maximum capacity:

- Maximum flow rate approximately 8 m³/hour, depending on the product.
- Maximum pressure: 7 bar.

380 V
