for the pharmaceutical
and cosmetic industry**

Who are we?

Société

A. FOY
MATÉRIEL D'OCCASION

Founded in 1985, A.FOY company is specialized in the purchase and sale of **new and used industrial machines** for the pharmaceutical, cosmetics, and dietary supplements sectors.

With many years of experience, A.FOY company has established itself as a trusted partner in the maintenance and **refurbishment** of industrial equipment. This expertise, built over decades, enables the company to provide reliable solutions tailored to the specific needs of its clients.

A.FOY has also developed a business activity focused on **buying** and **reselling** used equipment, allowing manufacturers to access machines that are both cost-effective and **environmentally** friendly. These machines, available at short notice, come from renowned manufacturers and therefore offer an excellent balance between performance, cost, and environmental responsibility.

A family-owned business, founded in 1985 by Mr. Alain Foy and taken over in 2022 by his daughter and son-in-law, Caroline and Denis Bourcier. They carry on and further develop the know-how acquired over the years. Surrounded by a skilled team of technicians and automation specialists... true experts in their field.

Our areas of activity

A.FOY company is specialized in the **reconditioning** of used equipment, mainly in the pharmaceutical and cosmetics industries, but also in other sectors such as food processing, chemicals, and agriculture.

We also carry out **retrofitting** and upgrades, modernizing and bringing equipment into compliance in order to extend its service life. A.FOY company also **purchases** unused equipment that you no longer need.

Our team provides guidance for your investment projects. We offer turnkey solutions: from acquisition, product adaptation, FAT and SAT, to transport and delivery of your equipment.

► Pharmaceutical industry:

2 400 m² warehouse

A permanent stock of more than **400 machines**, stored in a space of over 2,400 m², ensuring a wide selection: tanks, mixers, filling machines, cartoners...

The facilities include a workshop, a storage area, offices, and a loading dock.

Strategic location near Paris and **Roissy Charles de Gaulle Airport**, facilitating logistics and international exchanges

Our team can pick you up directly at CDG Airport, the TGV station, or the RER B line from **Paris**.

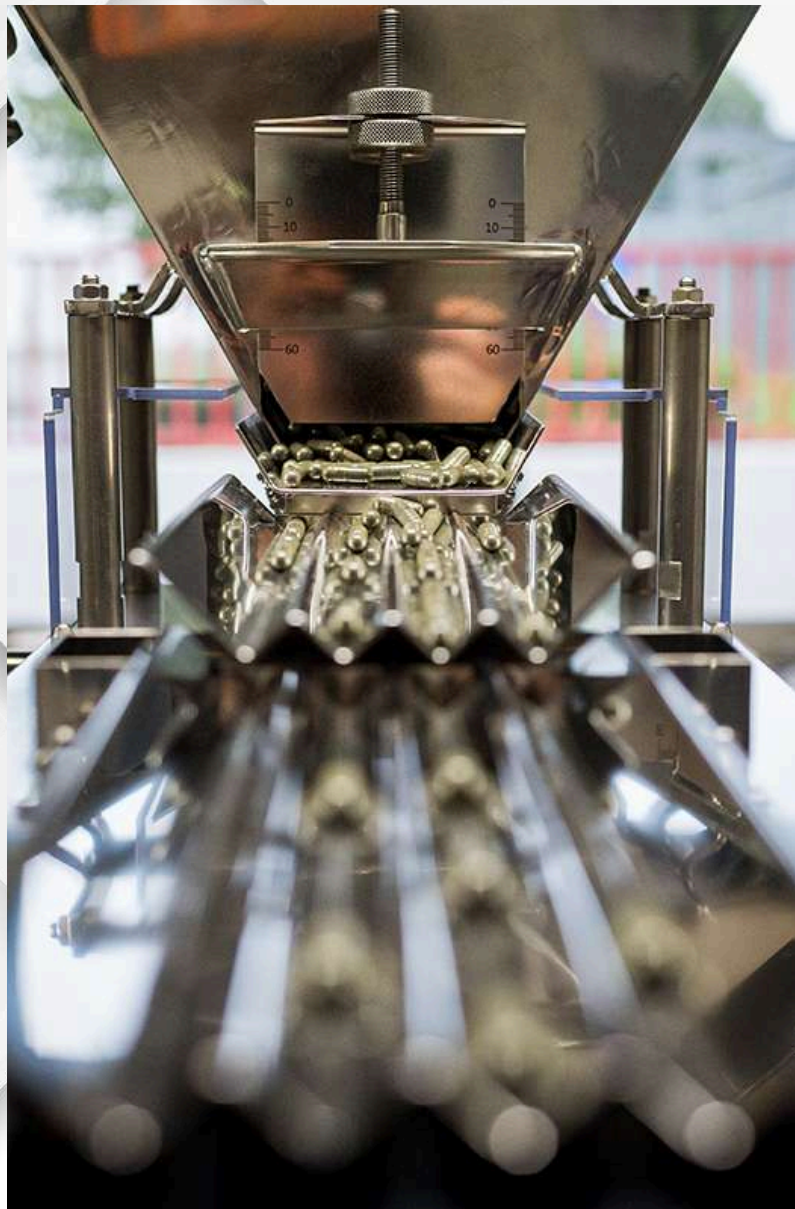

Our machines

Used industrial machines offer many advantages.

More **cost-effective** and readily **available**, they can be adapted to your needs thanks to the expertise of our team. Already tested and validated, they ensure reliability and compliance while reducing production start-up time. By choosing used equipment, you are also making an environmentally friendly choice by extending the lifespan of the machines.

Used machines have often already been **tested** and validated, which reduces the risk of quality or regulatory compliance issues. Quality and safety **validations** and standards have already been met, which can shorten the time required to start production.

A wide range of machines is available: from processing to packaging, manufacturing, and storage... Come and discover all these machines virtually on our website: **foy.fr**, and in person at our warehouse.

Global collaborations

A.FOY company is the official representative in France of three leading brands:

- **Sejong Pharmatech** (South Korea) – tablet presses, capsule fillers, and pharmaceutical equipment.
- **Countec** (South Korea) – counting and packaging solutions.
- **Prisma Industriale** (Italy) – checkweighing and inspection systems.

Thanks to this dual expertise – sustainable second-hand equipment and international partnerships – A.FOY is a trusted partner for manufacturers seeking high-performance, cost-effective, and responsible solutions.
